

Edmonton Bulletin.

Vol. XV, No. 60.

EDMONTON, ALBERTA, MONDAY, MAY 29th, 1893.

SEMI-WEEKLY, 6 PAGES.

TELEGRAPHIC.

WINNIPEG, May 29.

Prof. Higgins has retired as weather prophet. The report that Esau Pasha has been killed is confirmed.

Last Derby will leave Ottawa for England in a few weeks.

Reported that Chapman and Tupper will re-enter the cabinet.

The World's Fair was open on Sunday and 125,000 people attended.

Judge Duffie, of Arkansas, has declined the U. S. consulship at Winnipeg.

John Feencher, aged 17, was asphyxiated in the Winnipeg hotel last Friday.

Foster, ex-secretary of state of the United States has failed, making a bad crash.

The Smead-Dowd enquiry in Winnipeg, which resulted in the endorsement of the system cost \$2,600.

Lord Randolph Churchill has attacked Blake as a played out politician, who was an utter failure in Canada.

LOCAL.

Train left Calgary on time to-day.

STRAWBERRY vines are in full bloom.

Dr. Wilson returned from Saddle Lake on Friday.

The mail to Stony Plain will run once a week commencing June 1st.

W. D. CARSLADES of Clover Bar, had wheat showing two inches of the shot blade on May 24th.

The funeral of the infant son of John Looby took place on Friday, at the Edmonton cemetery and was very largely attended.

MILNE & TURNBULL, auctioneers and commission merchants, and dealers in tents, awnings, etc., have opened business in the building formerly occupied by John Cameron as a general store.

Mrs. Macdonald, wife of Rev. A. Macdonald, pastor of the Baptist church here, arrived from Grimsby, North Dakota, on Thursday's train, accompanied by her family. The season at Edmonton is fully two weeks ahead of that in the Red River valley.

J. C. STEEN died at Golden, B. C. on May 2nd. Mr. Steen resided at Edmonton in 1882 and has been in business in Golden, Donald and Revelstoke ever since. Mr. Steen visited Edmonton last summer in the interests of his lumber trade.

The Palouse Republican of May 19th says: "T. M. Smith and family returned from Alberta last Saturday, thoroughly satisfied to remain in Palouse. Mr. Smith reports the season there considerably in advance of what he found here, the grass being good and the crops all in."

People who put in large gardens this spring complain that they can't sleep at night for the noise made by the stuff growing. No doubt the Palouse, Dakota and Parry Sound papers will give this as an additional conclusive and reason why people should not come to Edmonton.

Dr. TREV gave his last entertainment for a couple of weeks on Saturday evening last. He expects to leave about the 12th or 13th of June, by which time the effect of his numerous operations and of the mineral salts which he sells for purifying the blood and the cure of catarrh, rheumatism, etc., will be more thoroughly known. He will open up business for a few nights before leaving.

J. REICHO, wife and daughter, Paris, France, and Henri de Roux, of Marseilles, France, arrived on Thursday's train to look up locations for ranching purposes. Mr. Reggio is originally from Marseilles, but has resided for the past five years in Paris. He has been recommended to try this climate for the improvement of his health, on account of the dry atmosphere and the elevation above the sea. Both gentlemen have driven around the district a great deal since their arrival. They are well pleased with its appearance, and will locate permanently.

The Palouse (Washington) Republican of April 28th has a long correspondence from Edmonton mentioning the arrival here of the Messrs. Shields of Palouse, and giving a very nice account of the district and its progress. The Republican is evidently not as bitter against Alberta as some of the other Washington papers.

AFTER the 13th day of April, 1893, the tract of land composed of sections 2, 3, 11 and the portions of sections 4, 10 and 14, lying south of the Saskatchewan River, in township 53, range 22; sections 19, 20, 21, 22, 27, 28, 29, 32, 33, 34 and the portions of sections 30 and 31, lying south of the Saskatchewan River, in township 54, range 22; and section 24, and the portions of sections 23 and 25, lying south of the Saskatchewan River, in township 54, range 23, all west of the 4th meridian, shall be and form the limits of the Fort Saskatchewan school district, which shall form a school district under the provisions of "The School Ordinance," under the corporate name of the "School District of Fort Saskatchewan Protestant Public School District No. 91 of the Northwest Territories."

And after the 13th day of April, 1893, the tract of land composed of sections 27, 28, 29, 30, 31, 32, 33 and 34, in township 53, range 22; and sections 3, 4, 5, 6, 7, 8, 9, 10, 15, 16, 17 and 18, in township 54, range 22, all west of the 4th meridian, shall be and form the limits of the Beaver Hills School District, which shall form a school district under the provisions of "The School Ordinance" under the corporate name of "The Beaver Hills Public School District No. 246 of the Northwest Territories."

REGARDING PERSECUTION.

To the Editor of the Bulletin.

Sir—Regarding the complaint by Pastor J. H. King of Regina, republished in Thursday's Bulletin, that Baptists have been persecuted and humiliated out of Regina and Edmonton, I may be permitted to state that so far as I can find out no Baptist here (in Edmonton) has the faintest knowledge of the indignity alleged to have taken place.

I am a Baptist and as such have been known in and around Edmonton district for the last ten years, and during that time I have never seen a stranger (no matter of what faith or color) treated with anything but courtesy and respect. I am inclined to think that Pastor King has mislaid this occurrence in factoring it on Edmonton, or that he has been imposed upon by some one who has an interest in working this place hard; or who desires to injure the Baptist cause here by trying to stop people intending to join the many Baptists already settled in this town and district and who are comfortable and contented in their new homes. Any new light on the subject will oblige Yours

DOUGLAS PETHIE.

Edmonton, May 26th, 1893.

Free Press: "Mr. Thomas Collins, ex-mayor of Portage la Prairie, and the founder of the first paper in Manitoba west of Winnipeg, the Portage Review, has taken charge of the Inland Sentinel, which is published in Kamloops, B. C. Mr. Collins has been engaged in newspaper work in Victoria for several years past.

The Kamloops Sentinel mentions that a party recently left Quesnelle, B. C., for the Nation river, one of the tributaries of the Peace, to wash gold. Messrs. Tussault and Sanson are the leaders of the party. The trip is about 600 miles, chiefly by canoe, and in very rough water.

Calgary Tribune: Wm. Haley and W. J. Sutton, having disposed of their business at Vancouver, B. C., are in town, and we understand they are negotiating with Mr. Thompson for a store in his new block preparatory to going into the dry goods business.

Battleford Herald: May 19, Sealing is almost over. The ground is in a splendid condition, the only drawback being that the prevalence of high easterly winds interferes with sowing except where drills are used. These are being very largely introduced this year.

The first number of Rocky Mountain Echoes, is to hand. This is a new illustrated weekly published at Banff by a company of which W. Hanson Bourne is manager. The first illustration is an excellent view of Cascade mountain.

Free Press Calgary despatch: L. D. Sage, of Red Deer, was arrested to-day for the larceny of goods seized by the sheriff under execution against him. He is now confined in the N. W. M. P. barracks.

A weed called the Russian thistle has spread over 50,000 square miles of Dakota, and it is estimated has been a loss to the farmers in one season of one and a half million dollars.

The Medicine Hat Times very properly objects to a possible revival of clericalism on the present council of public instruction such as prevailed on the late board of education.

The Kamloops Sentinel mentions that the country between the North Thompson and Adams rivers British Columbia is being explored for mineral ledges.

The Chilliwack, B. C., Progress, mentions a gooseberry bush in that locality which measured 25 feet in height.

GENERAL NEWS.

During a recent storm in Winnipeg a shanty containing a woman and child was blown into the Red river. They were rescued.

A Montreal despatch says: At a meeting of the council of public instruction held here some six months ago Senator Masson submitted the following motion: "No person shall teach in academy, or model or elementary school subsidized by the government unless provided with a certificate of capacity. Everybody who shall have discontinued teaching for the period of a year must obtain a new certificate before resuming teaching. The examiners of teachers must be a clergyman approved by the bishop of the diocese. His honor the lieutenant-governor in council is respectfully requested to have submitted to the legislature such amendments to the school laws as he shall deem fit for the ends of the present resolution." The motion was defeated through the influence of the bishops.

Sanderson the banana farmer of Brandon, who has been held up to adding thousands of prospective immigrants to the Northwest as a model of what a man could do here without capital to start on, appears to have been a Napoleon of finance as well as a banana farmer. In fact it now appears that his farming was a matter of finance rather than of crop. He has disappeared, leaving his available assets to the amount of about \$20,000 to the banks, leaving his employees about \$15,000 out and out of the public between \$30,000 and \$75,000 behind the game. Banana farming is not the kind of farming for the poor man to start farming in. No aggregation of capital can shut out the man who can labor with his hands and manage his affairs intelligently as well nor can it overcome the advantage which he has in the ability to do his own work and look personally after his own business.

The Toronto (Canada) Courier says: "Last week Howard Ross gave an exhibition at Ross' store of the working of the Freeman Dry Wash Separator, the most practical machine for working dry dirt we have ever seen. It weighs about thirty-five pounds and is conveniently arranged to be carried on a man's back, and only costs \$25. From two to four tons of dirt can be worked on it per day, and it will save as few rubbers as can be obtained with the minor's spin. The small machine is turned with a crank. The dirt is thrown upon a slanting screen on top, and falling through strikes upon a rifled table of wire and cloth. By means of a double bellows the air is forced through this fine wire screen in little gusts, moving the dirt up and down, and as it passes down over the fine screen the gold lodges on the rifles. The machines are capable of working from 80 to 100 tons of dirt a day. They are said to be used with great success in Arizona. Old miners regard this as the best dry-wash machine ever invented."

A REPLY TO AN IMPORTANT QUESTION

Which is the best and cheapest Dry Goods Store in Town? is the question now frequently asked by the Settlers, who have recently arrived in this district. In answer to this important question, I would respectfully but emphatically reply, the

MANCHESTER HOUSE.

Dealing as I do almost exclusively in Dry Goods, I have always on hand a larger and better assorted stock than any house in Town. Prices too are cut so fine that it is frequently remarked by those who seek quotations "Why you are selling so cheap as they do down east, and in fact in some cases cheaper."

Many of the lines have been personally selected in the best English Markets.

EDMONTON BULLETIN MAY 29th, 1893

PARRY SOUND VS EDMONTON.

The recent news that the immigration agencies of the Manitoba government and the C. P. R. in the maritime provinces had been closed owing to the hostility of the local press is strange in view of the acknowledged fact that those provinces are losing thousands and thousands of their people yearly to the United States without the local press or any other power or agency being able to stop the drain on the country not only of the provinces but of the country at large. Unless the provinces offer a suitable field for the activity of their people, they are bound to seek other fields. This being the case it would be to the interest of the provinces which are losing the people to have as many of them as possible locate somewhere that their future labors would be of benefit to the province which they have left. If they go to a foreign country their trade and taxes are entirely lost to the country they have left; whereas if they come to the Northwest their taxes and trade help directly and indirectly to swell the revenues and lighten the burdens of the provinces they have left. The local papers of Ontario are very little behind those of the Maritime provinces in writing upon and publishing anything that can be turned into disparagement of the Northwest and pointing the moral that people should not come here.

A recent number of the *Burk's Falls* (Parry Sound district) *Arrow* contains a letter from one James Lay, written from South Edmonton and dated April 4th, 1893, which that paper comments on as a fair and unbiased statement of facts and as showing that far fields are not always as green as they appear. From this comment it is evident that the paper is anxious to put the worst construction upon the statements made by Mr. Lay, with a view of deterring any of its readers from coming to the Northwest, and naturally, if circumstances compelled them to move, sending them to the States instead. A word or two as to Mr. Lay's unbiased facts may not be out of place. He says:

"I am not going to farm this year. I have a piece of land, about two acres, for a garden. I want to see more before I take land. The summer frost is bad here. I have not seen a good sample of wheat, but have seen a great many frozen ones. They have a new roller mill running here, but they do not make good flour. I think there is a living here at mixed farming, but I do not see where the market will be when the country gets full of farmers and all have cattle to sell; it is far from the outside market; the same with wheat."

A number of cattle died this winter and some of the native horses were out that will never return. Some have lost quite a few, the snow being about two feet deep; cattle would starve if not fed. It is false about them not requiring to be fed.

Well, I must tell you if a man comes here to get such farming, in a year or two, he has come to the wrong place. I put in a place last year, about 20 acres. It was plowed, and I gave 50 cents per acre to get it sown with a good drill, put in 40 acres of wheat and 8 in oats, got 100 bushels of wheat and 200 of oats. I got half, I paid \$1 per acre to plow the land in the fall, for binder twice \$5, stacking, drawing etc., \$15, threshing \$28.15, wood for threshing \$2, borrowing \$10, so you see it is a fine chance for a man to get a place on shares."

There are a lot of people here to melt snow all winter for home and stock on the wells dry up in winter and the water is not good in all places."

Mr. Lay's first statement that he proposes to sit down for the present year on a two-acre patch of land shows either that he is a man of very little energy, or that he has great faith in the productivity of the country, when he hopes to support a large family for a year on the produce of two acres. He may be able to do this. He certainly could not in Parry Sound. If he has not seen a good sample of wheat grown in this district it is because he declined to look at it in the mill or on the farm. It is true that all the wheat that year did not grade No. 1 hard. But to say that none of it did is absurdly false. It will be easily understood that the roller mill (which Mr. Lay says does not make good flour while everybody else says it does) would not have paid cash for some twelve thousand bushels of wheat unless there was some good wheat amongst it, paying considerably over the Winnipeg price for some, or that the three grist mills (two steam and one water) which are in the district besides were not running all winter on chaff or tailings. It would be interesting to know in this connection what area of the Parry Sound district produced last season as much wheat as went through these four mills in the Edmonton district. Mr. Lay is gracious enough to say cautiously that he believes there is a living here in mixed farming, but he fears there will be no market for the surplus. Certainly a man has to mix day's work with his farming and on a 21-acre patch which he farms on shares cannot afford to pay

cash out for his plowing, harrowing, stooking, drawing, cordwood, etc., nor could he afford to do so in Parry Sound or any other country. Mr. Lay evidently does not intend to hasten the evil day when the district will have a surplus to export, but in case others may share his fears, it may be well to mention that we are many hundreds of miles nearer a better market for beef, butter, oats, barley, potatoes and vegetables generally than Winnipeg is. That is to say Edmonton is much nearer Vancouver than Winnipeg is to Montreal, and Vancouver is a much better market for these articles of produce than Montreal, while the railroad rate on wheat is only about 6 cents a bushel more from Edmonton to Montreal than from Winnipeg. Some cattle may have died last winter, as they might any winter from neglect or carelessness, but not from lack of food, for hay was selling in town all winter at \$4 to \$5 per ton. This country has never been represented as being suitable for cattle ranging out all winter. They are fed as in Ontario, but not for so long a season and have been much more profitable than in the ranch country where the losses take away the profits. Last month a shipment of fat cattle was made to Vancouver, B. C., for which the dealers paid the farmers \$3.60 per hundred pounds live weight. He speaks of wells drying up as though this were the rule in winter. That is not the fact. Good permanent wells are to be had all over the district, at an average depth of 30 to 40 feet.

CURLING MEETING.

The annual meeting of the Edmonton curling club was held in Jas. McDonald's office on Friday evening last, May 26, Jas. Lauder, sr., in the chair. The financial statement was read, showing that the receipts for the year were \$79, 1/2. Assets, curling stones, etc., \$190. On motion of T. Bellamy seconded by Jas. Lauder, jr., it was agreed that Bell & Folliet's account of \$15, be paid. On motion of T. Bellamy, seconded by R. Vance, the report of the secretary treasurer was reconsidered and filed and the financial statement adopted. On motion of W. McKay seconded by R. Vance, it was agreed that an assessment of 50c on each member of the club should be made to cover the deficit and for the purposes of the club.

The following prizes were presented to the winners by the chairman:

Presidents gold medal, won in points competition against 31 competitors with a score of 31, by E. C. Emery.

District silver medal, won in points competition against 31 competitors with score of 29, by Jas. Lauder, jr.

Hardisty cup, won by Jas. McDonald's rink in bonspiel. The rink comprised J. A. McDonald, P. Oliver, R. Vance and Jas. McDonald.

The following officers were elected for the ensuing year: Patron, Frank Oliver, M. L. A.; Patroness, Mrs. Hardisty; President, J. A. McDonald; 1st vice president, Jas. Lauder, sr.; 2nd vice president, Peter Ross; secretary treasurer, Jas. McDonald; chaplain, Rev. C. Cunningham. Representative members, John McKechnie and A. Macdonald of Winnipeg. Umpire, Frank Oliver, M. L. A. Committee of management, R. Vance, Jas. Lauder, jr., Peter Ross, Frank Osborne, Thos. Bellamy. Club skips, W. Patton, Rev. D. G. McQueen, James McDonald. Auditors, Rev. C. Cunningham and Rev. D. G. McQueen.

The British Columbia correspondent of the Winnipeg Commercial says: The supply of live stock and fresh meats is ample, but the quality is somewhat depreciated. Beef is now drawn entirely from the Northwest, mostly from Okanagan and Manitoba. Lambs are in the market wholesale at \$4.50 each. There has been a famine in potatoes, but stocks are arriving from Manitoba and prices are falling. There are no British Columbia or American potatoes in the market. New potatoes from California are offering and will be on the market shortly at about \$4.50 a ton. All kinds of vegetables are scarce and high.

There were 107 legal executions in the United States during 1892 as compared with 123 in 1891. During the same year 236 people were lynched, of whom five were women, an increase over last year of 45 and the largest number of lynchings that ever occurred in the country in one year. Of these lynchings 200 were in the Southern States and 155 were negroes.

Battleford Herald: Last week a shipment of thirty head of fat cattle was started for the railway. They were the property of H. Cinnamon & Sons and Paynter & McCready, and will compare favorably with the band sent out by the first named firm last summer. They were fed out doors all winter and are fit for any market.

Prince Albert Times, May 17: For the past week seedling has been going on vigorously. Where a fortnight ago snow was lying on the fields, grain has since been sown. Two weeks ago Tom McFadden, Colleton, put in ten acres of wheat, and already it is beginning to show above the ground.

Morden Herald, May 16: From all directions come encouraging reports of the rapid growth of the wheat already sown. This week will probably find all the area for wheat under crop. The prospects of the season are unmistakably good, and everybody is hopeful.

The Palace (Washington) Republican of May 16th says: Grass is growing nicely but too late to save all the starving stock. The losses are heavy. The same paper, mentions that the roads are in an awful condition with mud.

24TH OF MAY AT SOUTH EDMONTON.

The horse racing and athletic sports were a grand success. As this was the first of the kind being held in this new and progressive town of the Northwest we must congratulate ourselves on there being no less than 400 people to witness the sports. Every person was well pleased, such was the way they were conducted. \$150 was paid in prizes, every winner being paid at the conclusion of each race. South Edmonton intends holding more races and sports every 24th day. The following is a list of winners and winners in the order named:

1 mile pony race, 14 hands and under, best 2 in 3.—Donald's Turkey, White's, Eddie; Larocque's, Nelson's, Bay; Jim; Elliott's, Kate. Time 26 seconds.

Farmer's Trot.—Carson's, Club; McDonald's, George; Horton's, Tom.

Two mile race, the best being even. At one time Horton's Tom was a little the favorite but owing to some slipping on the home stretch lost the race to Club who sailed under the wire so fast and throwing so much dust the time keepers failed to catch the time.

1 mile cow boy race.—McMahon's, Sandage; Wilkie's, Billy; Brown's, Mabel.

1 mile steeple chase, (last to win).—Donald's, Honey; Daniel's, Shover; Donald's, Boy; Wilson's, Catherine; Wilkie's, Mabel.

The winner Honey was whipped in by the crowd, which was very amusing.

1 mile Indian pony race.—Doiphin's, Bay Tom; Donald's, Borrel Jack; Jarvis's, Happy Dick.

400 yards flat race.—Daniels; Mitchell; Whitson; Sims; Simmons.

200 yards flat race.—Daniels; Mitchell; Walker; Nelson; Daniels.

100 yards snaking race.—Gainer, Walker, Simmons; Wilkie.

50 yards potato race.—Simone; Daniels; Wilkins; Sharples.

220 yards obstacle race, one of the most amusing of the day. Some getting lost on the way in or drowned in a water obstacle. Gainer; Kernac; Walker; Wilkins; Larocque.

50 yards 3 legged race.—Gainer and Walker and Simmons; Sharples and Wilkins.

Tug of War.—South Edmonton against all comers. Captain Walker for all comers; Captain McKenzie, South Edmonton. The latter winning by 2 wins. Each pull lasting 5 minutes.

Putting 14 lb stone.—Macdonald, 33 ft; Thompson, 30 ft; 2 inches; Donald, 29 ft; Inkster, 28 ft; 11 inches; Inkster, Wm. 24 ft, 6 inches.

Running long jump.—McIntyre, 16 ft; Trimble, 14 ft, 8 inches; Gainer, 14 ft, 6 inches; Rupp, 13 ft, 6 inches.

Running high jump.—McIntyre, 27 ft, 10 inches; Trimble, 26 ft, 2 inches; Gainer, 32 ft.

Wheelbarrow race.—Simmons; Wilkins; Gainer.

Girls race, boys race and square race, no names taken.

This concludes the list. After paying all the prizes and as, since the committee have a surplus of \$25.

Hoping Mr. Editor you will find space for this report.

I remain yours &c.,
A. McLEAN, Secretary.
